INTERNATIONAL SCHOOL

EXTRA-SCHOOL ACTIVITIES 2019-20

Registration Opening:
10/09/2019

Start of Activities:
23/09/2019

Extracurricular activities complement the school timetable and have the objective of developing the students physical, social and intellectual level.

These sporty, cultural, academic, entertaining activities take place out of curricular hours and are beneficial to the child's global development. Thanks to these activities the students acquire a better notion of time and learn to organise themselves. They also have the opportunity to work in different environments and this helps them to socialise. Physical activities, for example, help improve motor skills, coordination, reflexes, resistance, agility, strength and flexibility.

Artistic activities teach the students a different way to communicate; developing musical intelligence and sense of rhythm, improving hand-eye-mouth coordination; stimulating creativity and the imagination and increase self-control.

This favours the adquisition of all competences. These activities also teach respect and tolerance of others and the interiorisation of rules. Students learn to work as a team. They improve their reading and writing skills.

To conclude, these activities are a healthy way to liberate energy, have fun and relax.

Start Date: 30th September
End Date: 19th June

Recruitment: Quarterly
Way to Pay: Monthly

Leavers: Before the 23 of each quarter. For the smooth operation of the objectives of all the activities and the correct organization of the groups and schedules, no monthly losses will be admitted, nor after the 23rd of the indicated quarters. The hiring of the activity implies the minimum stay of 1 quarter.

Coordinator: f.fernandez@lledo.edu.es

Baby Swimming

4 to 24 months
Wednesday
16:30 to 17:10
102€/trim.
